ROLL CALL

RESOLUTION #91:

On a motion by **Councilman Youngblood**, seconded by **Councilwoman Seaman**, the Town Board resolved to approve the Regular Meeting Minutes of July 12, 2016 and the Public Hearing Minutes of July 20, 2016.

Motion Carried: 5 Ayes ~ Youngblood, Wood, Seaman, Eddy, Shepler

CORRESPONDENCES: Letters were received from Marilyn Hoy-Youngblood, Sally Jo Wallace, Winefred Martin and Joe Davies and are attached.

Committee Reports:

Councilwoman Gail Seaman: Attendance for Gleaning was fair. The Food Pantry for July was steady. Remind everyone if anyone does need it, it is there. Nancy and Don Decker have done a wonderful job and put in a lot of hours to make it available. I would like to thank them.

EMS Report – attached – They are looking for volunteers. Many local EMS are struggling for man power hours. They are in need for drivers and providers. Anyone interested please contact **Steve Emerson**. Lighting the

Way campaign is going and anyone wishing to get the lights please contact them.

Councilman John Youngblood:

Highway crew has been doing a lot of work doing final preparations for the pad. They got all of the sand pack and all the gravel down. Hopefully some of the asphalt will be taking place next week. They have finished prepping the truck for the box. It is still on target for the end of the month. They have been doing other work on the truck while the box is off. Still waiting for the truck from Bolton. It is still being used by Bolton until their new truck comes in. The transfer will take place once they receive it. They are anxious to get to the grading and raking of the dirt roads following the brief but heavy storm from about a week ago. As well as getting to some of the paving and patching of some of the roads that need it. A thank you out to Pat Wood for extended outreach to DEC and checking everything that has been done. Concerts: Not sure if this was the first washout. The Stony Creek concert was washed out. Annie and the Hedonist were last night. Next week is the Blue Billies.

Councilwoman Shepler:

Nothing to report this evening.

Councilman Eddy:

Nothing to report

SUPERVISOR'S REPORT:

We did receive the new fuel tank for the highway department. The work on the cap is proceeding well. We did receive the health insurance estimates. I had the broker send me multiple plans. If we keep the same plan it is a 19% increase. We have begun to evaluate the 20 or so other plans they presented. We are working on that now. We are expecting a Worker's Comp increase of 6.25%. That is not just us it is everybody. So 19% up for health insurance and 6.25% up Worker's Comp. We did have a young man from alternative sentencing this last month. He worked out very well. It was a good experience and we were very happy to have him. He was a lot of help. Both mines were inspected in the last month and were found to be fine. I wanted to alert the board that we are getting a lot of complaints and concerns about several properties in town. One on River Road, two on Mud Street and one on

Mountain Road. I am going to refer them over to Buildings and Codes. If this progresses it might be something that is trending. Jeanie Sprague mentioned that the Saturday before Hunting Season starts she will have some additional hours from nine to one. Our rules of procedures do not address letters that are read from the floor. Are they to be attached or saved from the next meeting? Discussion ensued by the board. If the letters are read from the floor and they are asked to be attached they should be. Also, the board would like the letters presented at the meetings to be emailed to them the next morning.

OLD BUSINESS:

IT Services. We have received two proposals for the Whitespace operations. We had contacted nine different companies. We took recommendations from the state and anyone that wanted to recommend someone. We had responses from three. One has recently dropped out because they received a large contract out of state. We are down to two, ABC Technology Services (Buffalo) and Viking Electric. At this point I will open it up to discussion by the board. It has been some time since we have had an operator on board. It would be nice to have someone to call. Discussion ensued by the board about the two companies.

RESOLUTION #92:

On a motion by **Councilwoman Shepler**, seconded by **Councilwoman Seaman**, the Board resolved to accept Viking Electric proposal as the New White Space Operator.

Motion Carried: 4 Ayes ~ Youngblood, Wood, Seaman, Shepler

1 Nay ~ Eddy

Councilman Eddy asked **Councilman Youngblood** if the materials for the salt shed were purchased and paid for back in 2013? The materials for the salt shed itself. **Councilman Youngblood** stated he believed so. Councilman Eddy said that the answer your putting is emphasis that this is proceeding in a fastish manner. This is 2016. **Councilman Eddy's** second question was DEC is very happy with what you are doing up there? **Supervisor Wood** said 'Yes they were on site today'. Discussion ensued about the speed of the salt shed, DEC and where the salt slurry went.

August 9, 2016

Councilman Eddy brought up that the ridge cap has not been replaced yet on the Harris House. Discussion ensued about the repairs and projects that need to be done around the Town Hall, Harris House and other town grounds.

OLD BUSINESS: **Supervisor Wood** stated we had the Public Hearing regarding the assessors. The board itself never spent anytime themselves discussing it. Did you want any further discussion on it? Discussion by the board members on the information and research they had obtained.

*Our Patients Are Our First Priority
Our Members Are Our Greatest Asset*

August 9, 2016

Thurman Town Board Members,

Attached you will find the run totals for July 2016. We handled a total of 8 calls in town. 6 of the calls were BLS calls and 1 was ALS. Another call was for a MVA but no patient was found so no times were generated. Our average response time to being on scene was a little over 14 minutes. Two of the calls in town came in within a few minutes of each other, and since the first call resulted in a RMA (refusal), the same crew handled the second call as well. However, there was an ambulance dispatched from Johnsbury immediately for the second call, but our crew was closer so there was no delay in getting an ambulance enroute. Johnsbury EMS also covered 2 additional calls in town as we were already out on other calls. In all, we responded to a total of 107 calls in the month of July.

HELP NEEDED! Warrensburg EMS strives every day to provide excellent and timely care to those that need our services. Recently however, all EMS agencies are struggling with manpower problems, and this is true with Warrensburg EMS as well. We need drivers as well as trained providers. This is a genuine need so we can continue to provide the high level of service that people expect from Warrensburg EMS. Anyone interested in joining our team and helping your neighbors, please contact me as soon as possible, so we can get you on board.

Our "Lighting the Way to YOU" campaign is going well and we have already installed several bulbs and more will be scheduled to be installed soon. If anyone has any questions about this program or you would like a bulb installed, please call me, or call the squad building at 623-4911, and please leave a message.

All Thurman Town Board Members and residents are more than welcome to contact me at any time if you have any questions, comments, or concerns. I can be reached on my cell phone at 232-0817. I would like to thank the Town Board and the Thurman residents for their continued support.

Respectfully Submitted,

Re: The Use of Town Hall as a Community Center:

The Bloggers on Thurman Happenings have raised some reasonable questions that I have never thought about. However, they should be sharing their concerns in a civil manner with their Board representative(s) for policy review.

- * Can someone estimate the cost of electricity, gas, heat etc. for rentals?
- * Does town liability cover injury to the renters and damage to the town property?
- * Should the fee (or some portion of it) be for the use of the hall and town expenses and not returned?
- * Should there be any limits on length of use? Or other guidelines?

What does the rental agreement spell out already?

Others----- they have raised many.

I agree with Gail that the town hall is essentially our community center at this time. Another option might be the Youth Building if it is heated. The Pavilion and sports fields might also be part of a larger "look/see" for community activities.

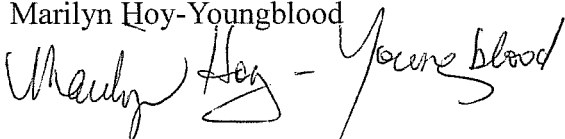

And, I agree with Gail that **who and how** it is decided can use the facility **MUST** be without discrimination -- overt or by omission.

At the same time, I am **disgusted** at how quickly a self appointed group can create its own set of rules, point a finger and target a family, accuse the family and imply irresponsible behavior including the nearly impossible interruption of WiFi and then proceed to invade their privacy with a photo. **The allegations are exactly that** and no one offers any documentation other than observation and personal opinion. As they have in many other situations, these individuals call any authority they can think of to rally energy for their case. In the case of town hall rental, they have again come up empty – lots of noise, lots of hurtfulness and no forward progress.

You end up undermining the possible validity of your questions by turning into a pack of jackals !!
What's the matter with you ?? Mike Eddy has certainly succeeded capturing your anger and hatefulness.

Your way of handling this is neither Christian, Muslim, Hindu, Buddhist, Jewish, nor any other religion of the world.. And it certainly isn't democratic either.

To the Thurman Town Board

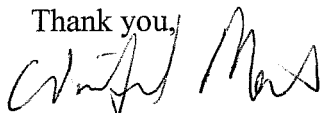

At the October 13, 2015 meeting a letter was submitted to the board stating that Mary Eddy had been seen alone in the Town Clerk's office and on the Clerk's computer when Cynthia Hyde was in office. The letter was not included in the minutes even though it had been requested. A copy of that letter is attached and I am requesting it now be included in tonight's minutes along with this letter.

It appears that something like this is happening again. I have been told that after our Town Clerk leaves; Mary Eddy has been seen entering the Clerk's office with her Deputy Clerk and staying in there with the door shut. I want to be very clear that this is not happening with our Town Clerk but with her deputy.

If this is unethical behavior or something that should not be occurring I hope it can be stopped.

Please include this letter in the minutes of the board.

Thank you,

Winefred Martin

To the Thurman Town Board,

During the Town of Thurman Town Board meeting on September 8th Councilman Dan Smith requested an executive session after mentioning an article that had been in the Post Star. I do not know what occurred in the executive session, but apparently no action was taken.

The article that Councilman Smith was referring to, talked about private information of town citizens and employees on the town's computers being accessed by members of the public. According to the article, Supervisor Wood states that you can't have members of the public in your office on your computer, that there is a Town policy to keep private information inaccessible to the general public on the town's computers, but that policy is routinely ignored."

I have personally seen Mary Eddy in Cynthia Hydes office numerous times both when Cynthia Hyde was in the office with and when she was not. I have also seen Mary Eddy on the Town computer in Cynthia Hydes office and again both when Cynthia Hyed was in her office and when Mary Eddy was alone.

If this is what was discussed in the executive session, I would like to know why Councilman Mike Eddy, Mary Eddy's husband did not abstain from any conversations or actions. I would also like to know why no action was taken.

Thank you,
Joe Davies
